## INTERNAL MEDICINE TECHNICIAN

Cornell University Veterinary Specialists (CUVS) in Stamford, CT, is seeking a credentialed technician to work with our exceptional Internal Medicine team.

CUVS is a mission-driven specialty and emergency center, providing exceptional and innovative medicine that is both patient-centered and service-oriented. We are an independent, for-profit subsidiary of Cornell University, combining the best aspects of academia and of private practice to create a unique hospital model. We have a *truly exceptional and unique culture that makes for an unparalleled work environment. This culture prioritizes and values the veterinary technician and their essential role in the clinical team.* Our doctors and technicians are a cohesive team of professionals who strongly believe in collaboration, communication, respect, and lifelong learning.

CUVS has board-certified specialists in Internal Medicine, Emergency-Critical Care, Surgery, Oncology, Ophthalmology, Dentistry & Oral Surgery, Dermatology, Cardiology and Sports Medicine & Rehabilitation. The Internal Medicine Service comprises 3 board-certified internists and a team of technicians, assistants and liaisons who work together extremely well and collaborate smoothly with other CUVS services. The Service offers tremendous expertise and advanced diagnostic and therapeutic modalities, including ultrasound, CT, fluoroscopy and comprehensive interventional radiology-interventional endoscopy. Technicians have ample opportunity to utilize all of their skills and to continue to grow.

Our technicians are actively involved with consultations, diagnostic imaging, diagnostic and therapeutic endoscopy and interventional procedures, as well as with client education and medical records. This is a unique opportunity to provide care at the highest level!

We are dedicated to helping our team members develop to their fullest potential. Many of our technicians are credentialed veterinary technician specialists (VTS) or are tracking towards certification. We also have a developed Nursing organizational structure with leadership positions and mentoring.

### **Why choose a hospital that offers you a job, when you can choose a hospital that offers you a career?**
