

**Cornell University Veterinary Specialists in Stamford, Connecticut is looking for another oncologist for our outstanding team - equipped, staffed and enabled to practice at their very best.**

- ▶ An unparalleled culture. From leadership to clinical staff, there is a great combination of commitment, pride, mutual accountability, respect compassion and kindness. And we're fun!
- ▶ Staff of experienced technicians, assistants and client liaisons optimizing efficiency and service.
- ▶ As part of Cornell's College of Veterinary Medicine, our specialists have the opportunity for adjunct positions and to participate and collaborate in teaching, clinical trials and other endeavors to the extent they choose.
- ▶ Private practice compensation and phenomenal benefits.
- ▶ Stamford is located on Connecticut's Gold Coast only 45 minutes from Manhattan. Beautiful, diverse, and cultured, the area has some of the best school districts in the nation.
